The carriage of certain hazardous materials like aerosols, fireworks and inflammable liquids aboard the aircraft is forbidden. Personal motorised vehicles such as hoverboards, mini-Segways and smart or self-balancing wheels, are also forbidden on our flights as they contain large lithium batteries. For safety reasons, we can't accept these as part of checked-in baggage or as hand luggage. If you do not understand this restriction, further information may be obtained from your airline.

The United Arab Emirates (UAE) has a very strict, zero-tolerance, anti-drugs policy. All airports within the UAE conduct thorough searches using highly sensitive equipment. Possession of any amounts of illegal drugs by travellers entering or transiting the UAE will be subject to punishment.

- All children under the age of 18 leaving or entering Canada, including infants and newborns, need their own passport. Make sure you and the child also carry supporting identification, such as a birth certificate or Certificate of Canadian Citizenship, divorce papers, custody court orders or a death certificate (if one or both parents are deceased). These documents will help prove your citizenship,

residency and custodial rights when returning to Canada. Check with the destination country's embassy or consulate in Canada regarding additional documentation that may be required.

- Travel to and from Canada: If you are denied boarding, your flight is cancelled or delayed for at least two hours, or your baggage is lost or damaged, you may be entitled to certain standards of treatment and compensation under the Air Passenger Protection Regulations. For more information about your passenger rights please contact your air carrier or visit the [Canadian Transportation Agency's website](#).
